MYTECH
TECHNOLOGY FOR DREAMERS

Avevamo già in mente ciò che volevamo realizzare con Mytech.
Non desideravamo produrre semplici bauletti per moto ma realizzare i nostri sogni da motociclisti.
Siamo fortemente convinti che non esista soddisfazione più grande che vedere moto equipaggiate con i propri prodotti, pronte per macinare km e km di strada.
Studiamo, progettiamo e realizziamo le valigie come se dovessimo equipaggiare le nostre moto.
Vogliamo realizzare il meglio senza compromessi.
Questa è una sfida continua.

We already had in mind what we wanted to achieve with Mytech.
We did not want to produce simple cases for motorcycles but make our motorcycle dreams come true. We are strongly convinced that there is no greater satisfaction than seeing motorcycles equipped with their own products, ready to grind miles and miles of road.
We study, design and manufacture motorcycle suitcases as if we were to equip our motorcycles.
We want to achieve the best without overcoming.
This is an ongoing challenge.

PASSIONE E MOTO

Passion and bike

In Mytech viviamo la passione per la moto e per il lavoro come un'unica cosa. Tutti noi sappiamo che non stiamo producendo una semplice valigia, perchè quella sarà compagna di viaggio per migliaia di km e quindi dev' essere perfetta. Ci piace sognare insieme a voi, ci piace vedervi partire con le valigie vuote e tornare pieni di avventure e sogni realizzati.
Perchè noi siamo motociclisti come i nostri clienti.

At Mytech we live the passion for motorcycles and for work as one thing. We all know that we are not producing a simple suitcase, because that will be a travel companion for thousands of km and therefore must be perfect. We like to dream with you, we like to see you leave with empty suitcases and come back with adventures and dreams come true. Because we are motorcyclists like our customers.

L'AZIENDA

The company

Il nostro gruppo ha alle spalle 60 anni di storia: 60 anni di esperienza e di know how cresciuto sempre di più per poter sviluppare prodotti all'avanguardia. Occupiamo 9000 mq. di superficie in Italia dove produciamo tutti i nostri prodotti. Qui viene seguita tutta la filiera produttiva, dalla R&D, al design, alle analisi di fattibilità e test, fino alla commercializzazione. Collaboriamo con brand come Moto Guzzi, Aprilia, MV Augusta e Piaggio per il primo equipaggiamento di serie. Produciamo e forniamo anche altri componenti motociclistici.

Our group has 60 years of history behind it: 60 years of experience and know-how that has grown more and more in order to develop cutting-edge products. We occupy 9000 square meters. of surface area in Italy where we produce all our products. Here the entire production chain is followed, from R&D, to design, to feasibility analyzes and tests, up to marketing. We collaborate with brands such as Moto Guzzi, Aprilia, MV Augusta and Piaggio for original standard equipment. We also manufacture and supply other motorcycle components.

SOFT-X BORSE MORBIDE

waterproof | lock system | pes | tpu | aluminum | quick release

Una linea di valigie morbide studiate con gli stessi criteri delle valigie in alluminio: massima qualità, massima affidabilità e massima resistenza senza nessun compromesso.

A line of soft bags designed with the same criteria as aluminum cases: maximum quality, maximum reliability and maximum resistance without compromises.

Materiale:
80% Polyester e 20% TPU, con spessore di 0.48mm

Material:
80% Polyester and 20% TPU, with a thickness of 0.48mm

SOFT BAGS

Push Block System
ATTACCO PUSH BLOCH

È possibile acquistare la versione con la piastra, dotata di sistema Push Block per essere applicate ai nostri telaietti Mytech.

It is possible to purchase the version with the plate, equipped with the Push Block system to be applied to our Mytech frames.

SOFT X BORSE MORBIDE

Painted Aluminum

Realizzate in Poliestere e TPU. Le Valigie sono universali. Le Valigie laterali per essere agganciate necessitano della piastra Soft-x con Push Block Mytech. Il borsone 60Lt può essere riposto sulla piastra portatutto e agganciata con dei cavi.

Made of Polyester and TPU. The suitcases are universal. The side cases require the Soft-x plate with Push Block Mytech to be attached. The 60Lt bag can be stored on the roof plate and attached with cables.

Materiale estremamente leggero.
Spessore: 0.48mm
Volume: 60Lt e 34Lt

Extremely Light material.
Thickness: 0.48mm
Volume: 60Lt or 34Lt

ALU
aluminum

Maniglia in alluminio marcata Mytech per migliorare la presa della borsa.

Mytech branded aluminum handle to improve the grip of the bag.

waterproof

Borsa ad alta tenuta d'acqua. Ganci e componentistica in alluminio ad alta resistenza.

Highly watertight bag. High resistance aluminum hooks and components.

PES
pes

Accessori: borsa porta pc imbottita ed estraibile, tasche esterne in rete, attacco di sicurezza con combinazione, tracolla rimovibile, maniglia di trasporto, attacchi per carichi esterni.

Accessories: removable padded laptop bag, external mesh pockets, combination safety attachment, removable shoulder strap, carrying handle, attachments for external loads.

TPU
tpu

Chiusura a rotolo della borsa. Possibilità di riporre oggetti extra nelle apposite retine laterali.

Roll closure of the bag. Possibility of storing extra items in the special side nets.

Superleggera

waterproof | lock system | aluminum | carbon | push block | superlight

Il meglio senza compromessi:
carbonio e alluminio per un'innovazione assoluta nel campo delle valigie da viaggio per moto.

Undoubtedly the best!
Carbon + aluminum for an stunning innovation in travel suitcases for motorcycles.

I motociclisti veri, quelli che usano le valigie per centinaia di migliaia di km in lunghi ed impegnativi viaggi sono il nostro riferimento. Cosa ci chiedono? **Valigie più leggere** a parità di prestazioni. Senza Compromessi.

Real motorcyclists, those who use suitcases for hundreds of thousands of kilometers on long and challenging journeys are our reference. What do they ask of us? Lighter suitcases with the same performance. No Compromise.

-44%

LightEST BAGGAGE
VALIGIE PIÙ LEGGERE DEL 44%

Ecco perché Superleggera. Anni di studi e ricerche per raggiungere il 44% in meno di peso. Con prestazioni senza compromessi.

This is why Superleggera. Years of study and research to accomplish 44% less weight. With even higher performance than the Top of the market.

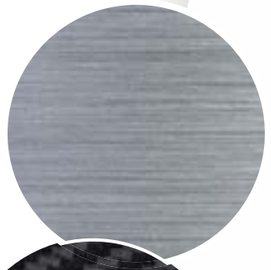

Superleggera

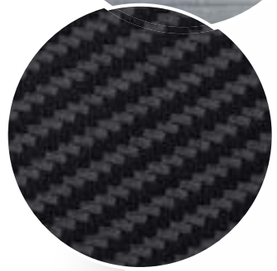

Aluminum and Carbon

Carbonio e alluminio accoppiati per identificare un segmento di mercato ancora al di sopra di quelle considerate Top Premium. E' l'accoppiamento perfetto per unire leggerezza e rigidità, estrema resistenza e durata, con prestazioni meccaniche senza compromessi. Il nuovo paradigma del viaggio in moto.

Carbon and aluminum coupled to identify a market segment still above those considered Top Premium. It is the perfect match to combine Lightness and stiffness, extreme strength and durability, with uncompromising mechanical performance. The new paradigm of motorcycle travel.

carbon

Fibra di carbonio a tre strati con orientamento in trasversale a 45°, sovrapposti, per orientare più filamenti lungo le linee di sollecitazione. Verniciatura di protezione UV trasparente extra opaca graduabile.

Overlapping three-layer carbon fiber with 45 ° transversal orientation to guide more filaments along the stress lines. Graduable extra opaque transparent UV protection coating.

aluminum

Rinforzi in lega di alluminio-magnesio appositamente disegnati e modellati per incrementare le caratteristiche meccaniche e la resistenza agli urti della valigia. Finitura naturale spazzolata.

Reinforcements in aluminum magnesium alloy specifically designed and molded to reinforce the mechanical characteristics and impact resistance of the suitcase. Natural brushed finish.

waterproof

Profilo: guarnizione in gomma annegata all'interno del profilo in carbonio con impermeabilità al 100 % in qualunque condizione e sollecitazione, grazie alla totale rigidità.

Profile: rubber gasket embedded inside the carbon profile with 100% waterproofing in any condition and stress due to the total rigidity of the frame.

lock system

Componentistica e fissaggi: acciaio inox austenitico amagnetico spessore 2 mm.
Sgancio rapido: tramite Push Block.

Components & fixings: 2 mm thick non-magnetic austenitic stainless steel.
Quick release: takes place via Push Block.

push block

Chiusura di sicurezza: SecurityLock System.

Security lock: SecurityLock System.

MODEL - X

waterproof | lock system | aluminum | push block | customize | quick release

La linea Model-x ti permette un look più aggressivo abbinabile al colore della tua moto.
Un vantaggio ulteriore è che gli angolari sono sostituibili: quando vorrai cambiare moto, ti basterà cambiare il colore degli angolari.

The Model-x line allows you a more aggressive look combinable with the color of your bike.
An additional advantage is that the corners are replaceable: when you want to change bikes, just change the color of the corners.

CUSTOMIZE

YOUR Model-x
LA TUA MODEL-X

MODEL - X

Painted Aluminum

aluminum

La linea di valigie più performanti e completa s ul mercato. Realizzata completamente in alluminio verniciato, disponibile in finitura nera o grigia con angolari personalizzabili. Il fondo ed il coperchio sono stampati ed imbutiti in un pezzo unico. Il corpo è fissato con ribattini in alluminio per renderlo perfettamente a tenuta d'acqua. Le valigie grazie alla verniciatura hanno un elevata tenuta agli eventi atmosferici e urti.

The most performing and complete line of suitcases on the market. Made entirely of painted aluminum, available in black or grey finish with customizable corners.

The bottom and the lid are molded and drawn in a single piece. The body is fixed with aluminum rivets to make it waterproof. The cases

are anodized to give greater resistance to atmospheric events and shocks.

Grey

Black

customize

Disponibile in due misure, grande e piccola.
Personalizzazione: gli angolari da applicare sulla valigia possono essere scelti tra nero, arancione, rosso e blu.

Available in two sizes, large and small.
Customization: the corners to be applied on the suitcase can be chosen from black, orange, red and blue.

push block

Sgancio rapido: il fissaggio avviene tramite sgancio rapido con Push Block e necessita del telaietto Mytech per il fissaggio.

Quick release: fixing takes place via quick release with Push Block and requires the Mytech frame for fixing.

Utile per appendere il tuo casco.
Useful for hanging your helmet.

Comode, pratiche, indispensabili in viaggio: Mytech propone borse morbide interne ed esterne studiate appositamente per adattarsi ai diversi modelli di valigie rigide da moto.
Le borse interne possono essere comodamente estratte e permettono ai motociclisti di portarle con sé, senza dover necessariamente sganciare la valigia dalla moto.

Comfortable, practical, essential when traveling: Mytech offers soft internal and external bags specifically designed to adapt to the different models of rigid motorcycle suitcases. The inner bags can be easily extracted and allow motorcyclists to take them with them, without necessarily having to unhook the suitcase from the motorcycle.

CASSETTA ATTREZZI

Tool Case

waterproof aluminum fixed release

L'accessorio più amato dai motociclisti. Nato per attrezzi, medicinali, guanti o per riporvi documenti. Il tool case è saldato internamente e ha al suo interno una guarnizione per renderlo perfettamente a tenuta d'acqua. Può essere installato sui telai originali o con i telaietti laterali Mytech. Disponibile in nero o grigio, verniciato a polvere.

The accessory most loved by motorcyclists. Born for tools, medicines, gloves or for storing documents. The tool case is welded internally and has a gasket inside to make it perfectly watertight. It can be installed on the original frames or with the Mytech side frames. Available in black or grey, powder coated.
